

Viola da Gamba Society Chapter
Instrument Rental Program
Contract with Lender

Statement of Purpose

The purpose of the viol rental program of this Chapter is to provide inexpensive rental viols to prospective viola da gamba players, who live in the local area. The rental period, normally not to exceed one year, is intended to tide over for the time it takes a player to procure an instrument on a more permanent basis. It is expected that the Renter will join the Chapter, and participate in any organized Play Days.

Responsibilities of the Lender

The Lender will provide an instrument in playable condition, or easily repairable condition, complete with bow and case. Once notified of the instrument's rental, the Lender will keep it in the rental program for one full year term.

Responsibilities of the Chapter

The Chapter will have the instrument professionally appraised, and assure that the Renter carries adequate insurance on the instrument. The Chapter will take and hold a damage deposit from the Renter, and attend to all repairs that the instrument requires. The Chapter will screen prospective renters for the ability to house and care for the instrument properly. After deducting expenses, the Chapter will share the fees equally with the Lender.
